First-Ever Book on Writing a 2-Page Federal Resume

FEDERAL RESUME GUIDEBOOK

On May 29, 2025, the Office of Personnel Management sent a Memo to 2 million Federal employees telling them that a 2-page Federal resume is now required, instead of the long-form, which could be 5 to 20 pages.

As the author of *The Federal Resume Guidebook 7th Edition*, which was all about the 5-page Federal resume, I began rewriting the book with new samples immediately.

Now, this 8th Edition features 28 full samples of 2-page federal resumes.

The 2-page Federal resume is so dramatically different than the previous long form, there is significant challenges for serious Federal applicants. The samples in the book will dramatically help anyone who needs to condense many pages into 2 pages that are targeted, impressive and compliant with the USAJOBS requirements.
